

On-scene MFR COVID-19 Screening Tool

Complete while standing a minimum distance of 2 meters away from the person.

Inclusion Criteria (check all that apply)

Does the person have:

- Fever?**
- Cough, trouble breathing, or chest congestion?**

COVID-19 Exposure Criteria (check all that apply)

In the **14 days** before feeling unwell, has the person:

- Traveled outside of **PEI**?
- Had **close contact** with a **confirmed or probable COVID-19 case**?
- Had **close contact** with any other person with **fever AND cough OR trouble breathing OR chest congestion** who has recently travelled outside of **PEI**?
- Had **laboratory exposure** to **biological material** known to contain the virus that causes **COVID-19**?

If person meets **ALL** of the **Inclusion Criteria** AND **ANY** of the **COVID-19 Exposure Criteria**

- Treat the person as a possible COVID-19 case
- Tell the person that you will be taking additional safety precautions
- Notify Medacom that the person has **failed** the **On-scene MFR COVID-19 Screening Tool**
- One MFR should monitor the person from a **minimum of two meters away** until paramedics arrive
- All other non-essential personnel should clear the scene or standby from a safe distance
